## **Global Gaming chooses Evolution Gaming to power Live Casino services**

**Evolution Gaming, leading provider of Live Casino solutions, has announced that it has signed an agreement with Global Gaming, one of the fastest growing names in iGaming.**

Describing itself as “a challenger in the iGaming industry”, Global Gaming recently completed a successful listing on Nasdaq First North.

The agreement will see Evolution provide Live Casino services to the Stockholm-based gaming company, who will add Evolution’s full portfolio of mainstream and VIP live games to its online platform. The live online games will include Evolution’s comprehensive line-up of Live Roulette, Blackjack and Baccarat tables, as well as Evolution’s Poker offering with the recently launched Live Texas Hold’em Bonus Poker including First Five Progressive Jackpot, as well as Evolution’s award-winning Dream Catcher money wheel.

The Evolution Live Casino games, available on desktop, tablet and smartphone, are scheduled to go live in Spring 2018.

Global Gaming operates numerous successful brands, primarily in the Nordic region, including Ninja Casino, Kotikasino, NettiCasino, Viking Slots and Mr Spil.

Ninja Casino is the company’s newest and fastest growing brand. Ninja Casino differentiates itself from traditional online casinos as it does not require players to register an account or provide personal information to play. Winners can still enjoy a cash-out process that instantly sends their winnings to their bank accounts. As a result, the company has reported “a player adoption rate unheard of in the industry”.

Sebastian Johannisson, Chief Commercial Officer of Evolution Gaming, said: “We are delighted to be partnering with Global Gaming and its many successful brands. We look forward very much to helping to drive further significant growth for the company in this exciting post-IPO period. Global Gaming already has a strong presence in the Nordic region and is now well positioned to expand across Europe.”

Stefan Olsson, CEO of Global Gaming, commented: “In terms of growth and our listing as a public company, we are following a similar path to Evolution. I am sure that Evolution’s world-leading line-up of Live Casino services, as well as our shared experience and ethos, will help propel Global Gaming onwards and upwards during this next exciting phase of our company’s development. Evolution’s Live Casino services fit very well with our brands and we are confident that our customers will very much enjoy playing at the world’s best online Live Casino tables.”
